SOME MORMON APOSTLES

HOUSE WORK IS COMPLETE

The House this afternoon took final action on the salaries appropriation bill, passing it on third reading and sending it to the Senate. A recess was then taken, subject to the call of the chair, to await the general expenses bill, which the Senate was working on and hoping to pass on third reading this afternoon. The House members proposed to receive it on first reading and then adjourned to tomorrow.

The House's work was lightning-like for speed. When once the issue had been decided and an overwhelming majority had concluded to accept the governor's estimates, there was no delay. The bill was read through rapidly by Coelho and Representative Kanio, for whom the interpreting is principally done, waived interpretation, having read his Hawaiian copy of the bill. One amendment, proposed by Lewis, was made. It changed the wording of the provision as to one person drawing more than one government salary, to make it certain that \$1000 shall be the limit of all the salaries such a person shall draw. The straight Republicans voted against the amendment favoring the old wording.

Four votes were cast against the final passage of the bill. Kuybha gave the first and Pulaa the second. Kanio, who had said "mahope" when called in his order on the roll, was called again and voted No. Speaker Beckley made the fourth. The other twenty-five members, Home Rulers and Republicans alike, supporting the bill.

Senate Passes Governor's Bill In Second Reading

The Senate judiciary committee got in its deadly work this afternoon by reporting against the passage of a number of bills introduced by Senator Achi to repeal various appropriation measures passed at the extra session of the Legislature. It was recommended by committee that two new bills be substituted. This action was taken in every case.

In the case of Senate Bill No. 3 to repeal Act 13 of the Extra Session of 1903, it was stated by the committee that the reason the bill should not be passed was because bills incurred before or on June 30, 1904, may not be legally paid afterward, if the present bill were passed by the Senate. A new bill amending Act 13 so as to guard against this possibility was introduced by Senator Achi and passed first reading. In the matter of the bill to repeal Act 17 of the last special session, the measure was tabled and a new one substituted so that no payments shall be made under any appropriations of this Act for any services performed after June 30, 1904. The new bill passed first reading. The bill repealing Act 18 was laid on the table also, for the reason that any new loan appropriation bill may require the approval of the president.

An act regulating the payment of jurors' fees in civil cases was introduced by Senator Dickey and given first reading. The bill provides that jurors' fees shall be regarded as part of the court costs and shall be paid by the losing side.

The Senate bill providing \$5,000 for the expenses of the Senate passed third reading and goes to the House.

On motion of Senator Dickey a concurrent resolution providing that the members of the Legislature register their salary and mileage warrants and take their turn in collecting them was passed.

The report of the finance committee on the Governor's appropriation measure was received and adopted. The bill was then taken up on second reading and passed according to the recommendations made by the committee. The committee recommended cutting several items lower than the figures of the Governor.

The appropriation for the Park Commission was reduced from \$12,000 to \$8,000; the Associated Charities was cut from \$2,400 to \$1,800; the rent for the land for the kerosene warehouse was cut from \$300 to \$700; the items for the traveling expenses of the judges and

clerks of the Third and Fourth Circuits amounting to \$125, were cut out; an additional of \$4,000 for the expense Court of Land registration was added; in the items of \$4,800 for Hawaii police incidentals and \$12,000 for police incidentals for Maui, Oahu and Kauai, were cut out and a new item lumping the incidentals in the same amount was inserted; the Senate also divided the money for the road department for the Fourth and Fifth districts, the former getting \$60,000 and the latter \$50,000. The total appropriation was not changed, however. The item of \$2,736 in assistance to the Federal experiment station was also cut out.

The Senate adjourned at 2:50 p. m.

A MYSTERIOUS DISAPPEARANCE

NARSIZO JOAO DE CANHA, A WELL KNOWN PORTUGUESE, SINKS OUT OF SIGHT.

Narsizo Joao de Canha, a well-known Portuguese living at Marq'esville, Punaou, has disappeared from his home, and his wife has become very anxious about him and fears he has committed suicide.

He left home Wednesday evening about 8 o'clock after having had a quarrel with his wife. He said that he was going down to the police station to bail out a boy who was in trouble. His wife objected, saying the boy was nothing to them, and that he had better remain at home. He replied that he would go and that she might never see him again. He went and his wife has not seen him since, nor has she been able to find any one who has.

De Canha was about fifty-five years of age, and a member of the Lusitana Society. He made a livelihood by raising potatoes and other vegetables for sale. He had a quarrel with a neighbor during the afternoon on which he disappeared, but it is not thought this had anything to do with the matter.

Whooping Cough.—This is a very dangerous disease unless properly treated. Statistics show that there are more deaths from it than from scarlet fever. All danger may be avoided, however, by giving Chamberlain's Cough Remedy. It liquefies the tough mucus, making it easier to expectorate, keeps the cough loose, and makes the paroxysms of coughing less frequent and less severe. It has been used in many epidemics of this disease with perfect success. For sale by all Dealers. Benson Smith & Co., agents for Hawaii.
